

8th National Conference on Access Management

"Sustainable Solutions for Transportation"

July 13-16, 2008 • Baltimore, MD

The 8th National Conference on Access Management will be held in the heart of Baltimore's famed Inner Harbor, at the Renaissance Harborplace Hotel.

This biennial conference is designed for planners, engineers, non-profit organizations, and public officials interested in a sustainable approach to improving roadway safety and efficiency.

Focusing on Sustainable Solutions for Transportation, the conference will offer a wide range of presentation topics that capture the broad realm of access management principles, state-of-the-art practices, policies, and state DOT/ local government coordination.

Sample topics include:

- State DOT Access Management Programs
- Stakeholder Involvement/Outreach
- Safety Impacts
- Traffic Progression/Circulation
- Permitting Processes
- Land Use and Access Management
